

Jian'ou Yuezhilin Trading Co., Ltd. — A Globally Leading Custom Manufacturer of Bamboo and Wooden Kitchen, Dining, and Household Products

Located in Fujian Province, renowned as China's "Hometown of Bamboo and Wood," Jian'ou Yuezhilin Trading Co., Ltd. has been deeply engaged in the bamboo and wooden household products industry for over a decade, accumulating extensive expertise in R&D, design, large-scale production, and quality control management. The company is a specialized source factory integrating R&D, design, precision processing, and large-scale production of bamboo and wooden products.

The factory possesses substantial hardware capabilities, featuring an 8,000-square-meter standardized production workshop and multiple advanced automated production lines. It has achieved fully automated and semi-standardized operations spanning the entire process from raw material cutting, precision processing, and polishing to finished product assembly, significantly enhancing production precision and delivery efficiency while ensuring consistent product quality from the hardware perspective.

The company maintains a comprehensive product portfolio covering professional-grade bamboo and wooden cutting boards, cheese board series, full sets of kitchen bamboo and wooden tableware, household storage solutions, office and educational bamboo and wooden accessories, and mobile dining carts, among other full-category bamboo and wooden household products. This diverse range meets market demands across multiple scenarios, including household use, commercial applications, gift customization, and supermarket distribution.
